

serial/serial.c

```
graph TD; A[serial/serial.c] --> B[windows.h]; A --> C[stdio.h];
```

A diagram illustrating file dependencies. At the top is a gray rectangular box labeled 'serial/serial.c'. Two blue arrows originate from the bottom of this box. The left arrow points to a white rectangular box labeled 'windows.h'. The right arrow points to a white rectangular box labeled 'stdio.h'. Both boxes have a thin gray border.

windows.h

stdio.h
